

BRAIN INJURY BASICS FOR FAMILIES

2010

Brain injury happens in an instant.
It affects a family for a lifetime.
Come learn information that will help you and your family.

A program of the Brain Injury Association of New Jersey.

This free presentation will...

- Provide an overview of brain injury, including definitions and the rate of incidence
- Provide information on the effects of brain injury on families, including the stages of grief family members experience
- Provide information about the common consequences of brain injury: cognitive, physical, and emotional
- Provide information about strategies families can utilize and tips for caregivers
- Provide information on resources available through the Brain Injury Association of New Jersey and agencies throughout the state

**No Brain Injury Is Too Mild To Ignore,
Or Too Severe To Lose Hope**

DATED MATERIAL

BRAIN INJURY BASICS FOR FAMILIES 2010

Our mission is to support and advocate for individuals affected by brain injury and raise public awareness through education and prevention.

BRAIN INJURY BASICS FOR FAMILIES - 2010

Brain injury happens in an instant.
It affects a family for a lifetime.
Come learn information that will help you and your family.

Each session will be facilitated by Peggy DiTommaso, MSW. Peggy has worked with families affected by brain injury at both the trauma center level and in brain injury rehabilitation. For over 20 years, Peggy has volunteered her time as the support group leader for the Brain Injury Association of New Jersey affiliated support group in Monmouth County.
